

Lake Pyhäjärvi Area – Eura, Köyliö, Säkylä – experiences for all senses

History and Culture

The Lake Pyhäjärvi area is a treasure of pre-historic times. Iron and Bronze Age finds in Eura are beyond compare.

Köyliö is well-known for its national landscape, and the written history of the whole of Finland begins in Köyliö. In 1156 peasant Lalli killed Bishop Henry on the ice of Lake Köyliönjärvi. The island of Bishop St. Henry, Kirkkokari, is the only Roman Catholic pilgrimage site in the Nordic countries. In the old ironworks area, Kauttua Ruukinpuisto, you will have access to many buildings designed by the famous architect Alvar Aalto.

Enjoyment in Nature and Rich Catch of Fish

Relax in the stunning natural environment of the Lake Pyhäjärvi Area. Enjoy the rugged landscape or the unbroken stillness of the wilderness. Numerous nature trails lead into dazzling landscapes. Lake Pyhäjärvi is the largest lake in Southwest Finland and very known of its rich catch of fish and crayfish as well as of its big perches and pikes. Lake Koskeljärvi in Eura is a mecca for bird watchers, offering the peace and quiet of nature. The area of Säkylä ridges can be reached walking, skiing or canoeing. River Eurajoki which hardly ever freezes provides ideal kayaking opportunities throughout the year. Don't forget to ask for full service packages of accommodation and fishing!

Arts & Crafts and Boutiques

The arts and crafts community in the area is dynamic. Art galleries, houses and boutiques are numerous. Whether you are looking for unique artwork or jewelry, personal items, interior art or clothing – come and enjoy the shopping.

Local Food

Hungry yet? Our region is full of delicious local food: sugar from Finland's only sugar refinery, chicken and turkey, lake fish and crayfish. Buy fresh fish from Säkylä fishing harbor and cook it yourself, or choose one of the many restaurants. Or enjoy coffee with a local speciality, "munkki", at Pori brigade, one of the garrisons of Finland, based in Säkylä.

Events all year round

The lake Pyhäjärvi area offers all kinds of activities. Summer theatres, exhibitions, concerts, local markets, fishing trips with seine nets, ice fishing competitions, skiing, biking and hiking trips... Sieravuori water sports centre is unique of its kind in Finland and offers high quality framework for many kinds of water sports, even international competitions.

Take your pick and enjoy your stay!

You can stay in a cottage, villa or a hotel. You can choose between a guided tour or to travel independently. We wish you warmly welcome!
